

New DAS commercial products

FIRST FOR JUSTICE

As part of the launch of **DAS Connect** we have developed a **new suite of DAS commercial products** that will be available via the new portal as well as the Acturis and SSP platforms.

The products, which have been tailored to the specific needs of businesses of different sizes, can all provide cover for issues such as **employment disputes, property protection, personal injury, legal defence and tax protection**, while also providing access to wide range of legal services and helplines that can be used as often as required:

- Legal advice
- Tax advice
- Counselling
- Online law guide and document drafting
- Employment manual

For businesses with a turnover **above £5m per annum (and below £50m)** we provide our most comprehensive protection: **Commercial Options Legal Expenses Insurance**. This completely flexible product ensures that larger business are able to choose a tailored solution that specifically matches their legal risk.

For businesses with a turnover **below £5m per annum** we offer a robust range of packaged products designed for **commercial property owners, small businesses, or trades and professions**. These packaged products provide cover to suit the needs of those specific businesses, such as help with disputes relating to property lets for commercial property owners, and employee disputes and breach of contract for small businesses and trades and professions.

The new DAS products and specific features are outlined overleaf...
